Happy Birthday, MSR!

Who knew in 1951 Mountain Sun Resort would be celebrating its **67th Birthday** this year. I'm sure the founding members didn't expect, or maybe they did. But oh how the times have changed. Gone are the glory days. Now everyone wants Wi-fi, Hi-Def, iPhones, SmartCars. Personally, I want rotary phones, no TV, a simpler time, like it was in the history video for MSR. Come celebrate the past in the present as we look to the future. We will have "meat on a stick" or Kabobs, if you prefer and some other great food for the low, low price of \$20. And dancing as well. What could be better! Besides a time machine to take us back to 1985, but then there's Spotify!

Host News

•MSR will be hosting the **HONAT** (Hiking Oregon Naturally Annual Tour) group this year July 25th-29th. We are looking for volunteers to assist with providing a hot dinner for up to 30 guests each night for this event. If you are interested in volunteering please contact me. This is a great opportunity for exposure to the nudist community and raise funds for MSR. Check out the details on our Facebook page.

Friendly Reminders

•The MSR newsletter is now available to friends, family & visitors. If you know somebody who would like to keep on top of the hot topics of MSR please have them email a request to host@mountaindalesun.com.

•Each member is required to sign in at the Clubhouse on the day of their **ARRIVAL**. If you bring a guest to MSR for an overnight stay, it is your responsibility to register your guest and ensure that the overnight fees are paid **immediately** upon arriving on the grounds and a **registration envelope** is filled out completely. This is a security and safety matter. It is also a By Law that must be adhered to.

•If you are planning on a construction project on your leased lot, please contact the board with your plans prior to building. Reading the bylaws, procedure manual, and lot lease guide will provide you with the answers to many questions.

Rich's Trail Report

Spring is the joyous time of the year where our trails really sport their stuff. Experience magnificent color along the trails as the wildflowers exhibit their glory.

Worried about getting lost while being distracted by the trail's seasonal beauty? Fugit about it. Not only are the flowers showing off their colors, but the MSR creative elves have been hard at work color coding our treasured pathways. At most trailheads expect to see a map that indicates where you are, what trail you are about to experience, and helpful details about the trail. These details may include trail length, total elevation gain, and trail difficulty rated in huffs and puffs. Ribbons along the trail that match the color on the map will help guide your journey. This is a work in progress, is being field tested, and is expected to be completed before the trail elves take their solstice snooze.

Disc golf anyone? You betcha! Take Mimi's Leap trail marked in green, then take a right on the Maple Cove trail, marked in red, then take another right where it intersects with the main trail, marked in blue. That ultimately takes you to the "lookout" area where you can enjoy our new **amazing 1-hole** disc golf course. This first hole, which is delightfully named Sarachi!, provides stunning views of the Dairy Creek valley. Yes, you heard that right, unlike other courses, where hole #1 is named "**Hole #1**", our course is being developed with a personality with holes that have names which inspire amusement and fun. Interested in contributing to the fun and expanding the park to a **2-Hole course**? For a \$65 donation, which is the price of a basket, this dream can be yours and will help expedite the expansion of our course. But hurry, we only have places for 8 more baskets. For more information, see Director 1 or Secretary Sara.

Experience MSR. Explore the trails. And enjoy a round or two of disc golf. And as you tee off the first hole, be sure to exclaim "**Sarachi!**"
