 2. Any use of language in MSR Bylaws, Procedure Manual, or other documents which may seem to convey ownership of any portion of the grounds is inadvertent. Such language does not in fact convey ownership.
 3. A lease is an agreement between MSR and one or two MSR members who compose a Lease Unit as that term is defined herein.
MSR grants the exclusive right to occupy and use a defined portion of MSR-owned ground in return for payments and other considerations specified herein.
 4. The individuals who compose a Lease Unit may be, but need not be, joint holders of a lease and joint owners of improvements thereto: one member of a Lease Unit may be the sole leaseholder and the sole owner of improvements.
 5. The leasehold is the ground (a lot) which has been leased.
 6. A leaseholder is the person(s) to whom the ground (a lot) has been leased.
 7. A lease continues in force until MSR records the transfer of the lease to another leaseholder under the conditions specified herein.

8. A leaseholder holds a lease on a defined portion of MSR-owned ground (a lot), but does not own the ground leased. The ground is owned by MSR. Thus, a leaseholder may ask MSR to record transfer of the lease to a prospective new leaseholder, but may not sell the leased ground (lot) itself.
9. Improvements are modifications to the leased ground (e.g., grading), objects placed in the leased ground (e.g., sewer lines), objects growing in the ground (e.g., plants, shrubs, trees), objects installed above the leased ground (e.g., power lines), and objects placed permanently or temporarily on the leased ground (e.g., concrete pads, structures). Improvements are the property of the leaseholder. Improvements do not include personal property items such as food, clothing, furniture, automobiles, and other operational vehicles.
10. A leaseholder may, at any time, remove personal property items from the leasehold. A leaseholder may also remove such improvements as are practically removable. Other improvements (e.g., sewer lines, shrubs, trees, concrete pads, etc.) must remain on the lot.
11. All leaseholders are recommended to have smoke detectors and fire extinguishers in their habitable structures.
12. Transfer of a lease requires prior or concurrent sale to the prospective new leaseholder of all improvements which are in, on, or above the ground of the applicable leasehold (lot) on the date the transfer is recorded.
13. The sale price of improvements to leasehold is determined solely by the buyer and seller of the improvements. MSR may be either a buyer or seller. If MSR is neither buyer nor seller, MSR shall have no role in determining the sale price of the improvements or any other terms of sale. Neither buyer nor seller is obligated to disclose the sale price or other terms to MSR or to any other third party.
14. A leaseholder and a prospective new leaseholder must, within 30 days of the date of sale state plans of improvements to the leasehold, and jointly ask the Treasurer or his/her designee in writing to record transfer of the lease. Each leaseholder will be informed at the time of submitting such plans that Washington County requires a building permit before making structural changes or other improvements.
 - a. MSR shall collect a fee for recording transfer of a lease.
 - b. The prospective new leaseholder is responsible for paying the lease transfer fee. If the prospective new leaseholder is eligible to hold a lease, and has paid MSR any applicable lease transfer fee, the Treasurer shall record the transfer.
 - c. Until the transfer is recorded, the current leaseholder remains the leaseholder of record, and is responsible for all monies due MSR.

5. A non-member leaseholder must transfer his/her/their whole or partial share of an MSR lease to an eligible Lease Unit within two years of acquiring the share or within two years of termination of membership, whichever is later. If he/she/they fail to transfer this leasehold within those two years, or fail to pay the lot lease assessment payment, (per P.M. 2.09.00) MSR shall cancel the lease and shall, without compensation, assume ownership of all improvements that are then in, on, or above the lot.

5. Stick-built structures, mobile homes, and trailers must be connected to power, water, and sewer.

I. Improvements to Leaseholds:

Information About Lots

Mountaindale Sun Resort (MSR)/Restful Haven has 85 lots. You will see many different types of lots because lots were developed at different times throughout the Club's history. Many of the lots are full sized, approximately 40 feet in width and 60 feet in depth. Terrain may cause a variation in size and shape. Half-size and double-size lots may also be designated. A map of the lots is listed at the end of this Guide. If you have a question about your lot size, your lot boundary, or related information, please ask a Board Member to help review your lot.

Structures on Leaseholds:

- On lots smaller than full size, the only structures permitted are small storage sheds, tent platforms, patios, and steps for RVs.
- On full-size lots, a leaseholder may have a stick-built structure.
- NEW: New stick-builds, pre-fabs or cabins may be constructed or placed on a full size MSR leasehold with prior Board approval and the appropriate Washington County permits. Approval and time lines are at the Board's discretion.
- Any lot lease holder who builds a stick built cabin, constructed after 2016 must pay time and material rates to MSR for improvements to their lot for water, sewer, or electrical connections. There is a \$500 minimum fee for each lot with a stick built cabin, manufactured home or park model. Any connectivity fees for electricity, phone, or data lines are between the lease holder and the service provider.
- NOTE: If it was originally built before September 1998, or a leaseholder may have a mobile home, trailer, or RV. Stick-built structures originally built before September 1998 may be rebuilt, expanded, or remodeled. This is subject to Board approval.
- The criteria for Board approval of structures shall include appearance, dimensions (in relation to lot size and shape), meets conditions of the Washington County, Oregon non-conforming use permit, and safety.
- Stick-built structures or mobile homes or trailers must be connected to power, water, and sewer. This applies to any structure on a leasehold.

General Rules:

- No portion of MSR grounds may become a privately owned lot. All portions of the grounds, including all leased and leasable lots, remain the property of MSR.
- A lease is an agreement between MSR and one or two MSR members who comprise a Lease Unit as that term is defined herein. MSR grants the exclusive right to occupy and use a defined portion of MSR-owned ground in return for payments and other considerations specified herein.
- The MSR Lease Unit: A Lease Unit is one unmarried MSR member, two unmarried MSR members who have established a two-person Lease Unit or two MSR members who are married to each other.
- Each MSR member shall be in no more than two Lease Units, except for in rare approved instances which require approval by the membership.
- Non-members of MSR may not participate in a Lease Unit.
- Two unmarried MSR members may form a two-person Lease Unit by notifying the Treasurer in writing. Joining MSR as a two-person unit constitutes such notice.
- An unmarried MSR member may withdraw from a two-person Lease Unit by notifying the Treasurer in writing.
- In order to become a leaseholder, you must pass your probationary period as a member of MSR.
- Your lot should be your nudist place of solace and rejuvenation. With that said, it is not to be used as a place of business.

MSR Lease Policy

- MSR may grant a specific lease to one, but only to one, Lease Unit.
- Only a Lease Unit may hold a whole or partial share of a lease.

- A Lease Unit may hold a whole or partial share of two leases at a time, with MSR Board approval. More than two leases will require an approval vote by the General Membership.
- Sole leaseholders may grant joint leaseholder status only to the other member of the two-person Lease Unit.

Second Home versus Primary Residence

As stated in our Bylaws, ARTICLE XIV, under MSR REAL PROPERTY, B. *Primary Residence: No one may use the property or address of MSR as a primary residence for any purpose, including auto registration or voter registration.*

AND

F. Limitation on Overnight Stays, Section 1. Overnight Stays on lease held lots may not exceed 290 days per calendar year.

This is not only our Bylaws; it is a part of our Non-Conforming Use Permit (NCUP) with Washington County, Oregon. Our failure to adhere to this rule puts the Club in jeopardy. If the Club lost this permit, our tax structure, our fees, etc. would radically increase and you as an MSR member would need to pay these increases.

Notice of this was documented in the current NCUP, 2009 approval, Casefile 08-291, attachment C – Staff Report (NCUP 2008-MSR/RHHC) “This request does not provide any dwelling units.” This statement confirms that no permanent residents/residences are allowed. In addition, the NCUP requires the club to provide self-governing means to demonstrate compliance. The Club has chosen the “Time on the Hill” book, which is a required document as proof of compliance. The book should be up to date at all times. If you are on the hill greater for an entire month, you may document the 30 consecutive day stay in one entry.

To comply to the Nonconforming Use Permit (NCUP) all leaseholders must sign in and out of the club grounds. This is stated in the Procedure Manual on Section 2.07.00 LEASEHOLDER(S) REQUIREMENTS;

2.07.01 Leaseholders will sign in and out of the club. This will be verified by the club host and the board. Members may be assessed a fee for not meeting the required time off the hill.

2.07.02 As a lot lease is purchased or transferred; the lot purchasers must provide evidence that they have a permanent residence off the hill.

This is a key part of the compliance is maintaining proof there are no permanent residents on the club grounds. Another key part is maintaining an accurate physical address outside of Mountaindale Sun Resort. Annually, you need to supply a copy of your driver’s license that shows that address.

The only exception to this ruling is the allowance of the approved caretaker for water maintenance according to the rules of the Washington County Environmental Health and Sanitation. The duties are performed by the Club Host.

The Purchase Process

Who Does What in Selling and Purchasing a Lot Lease

ler	olds the current lot lease and manages the signatures of the lot lease in the sale. y advertise the sell on www.mountaindalesun.com termines the price and manages the bill of sale. mmunicates with the MSR Board of the sale for approval. termines if the seller or buyer pays the lot transfer fee.
yer	rchases the lot lease and signs the appropriate Lot Leases. ys the lot transfer fee unless this is to be paid by the seller. ceives a new Lot Lease that recognizes their ownership.
MR Club Treasurer	ceives notification of the sale. ices the notification of the sale on the Board Agenda eates the new Lot Lease for the buyer. Along with the Club President, signs the Lot Lease. tifies the Club Bookkeeper of the new Lot Lease Holder for billing.
MR Board of Directors	nages all Lot Leases and approves/disapproves the transfer. y approve/disapprove a rent to purchase agreement between a member and probationary member

Once you have found a seller, whether it is another MSR member or the Club itself, the process is pretty straight forward. You negotiate a price and create a signed Bill of Sale between the two parties.

The next step is an approval process by the MSR Board, which is very straight forward. The Board must be assured that you are a full member (not a probationary member) in good standing. The Board may request a document with a proof of a primary residence (not a PO Box). The next step is completing the transfer document and paying a transfer fee of \$250 to MSR.

Once the transfer fee is paid and the transfer is approved and completed, you will receive a Lease Transfer document. A copy is kept in your membership file. In order for the Lease Transfer document to be a viable document, there must be signatures by the President and Treasurer.

Important Notes about the Purchase Process:

Transfer of a lease requires prior or concurrent sale to the prospective new leaseholder of all improvements which are in, on, or above the ground of the applicable leasehold (lot) on the date the transfer is recorded.

The sale price of improvements to leasehold is determined solely by the buyer and seller of the improvements. MSR may be either a buyer or seller. If MSR is neither buyer nor seller, MSR shall have no role in determining the sale price of the improvements or any other terms of sale. Neither buyer nor seller is obligated to disclose the sale price or other terms to MSR or to any other third party.

A leaseholder and a prospective new leaseholder must, within 30 days of the date of sale state plans of improvements to the leasehold, and jointly ask the Treasurer or his/her designee in writing to record transfer of the lease. Each leaseholder will be informed at the time of submitting such plans that Washington County requires a building permit before making structural changes or other improvements.

The steps are:

- MSR shall collect a fee for recording transfer of a lease.
- The prospective new leaseholder is responsible for paying the lease transfer fee. If the prospective new leaseholder is eligible to hold a lease, and has paid MSR any applicable lease transfer fee, the Treasurer shall record the transfer.
- Until the transfer is recorded, the current leaseholder remains the leaseholder of record, and is responsible for all monies due MSR.
- The transfer fee must be paid prior to the new owner taking possession of the lot.
- When a transfer is recorded, the new leaseholder becomes responsible for all leasehold-related monies owed MSR by the prior leaseholder.

If you are inheriting your lot or it is a settlement of a divorce decree, you must show proof of ownership with the appropriate original court document.

As a part of good estate planning, remember to include your cabin/lot lease in your plan. Please notify the Club Treasurer of this to be attached to your Lot Lease.

Electricity and Other Utilities

- **GARBAGE SERVICE:** Just like your primary residence outside of MSR, lease holders are responsible for their own garbage. It is important to know that there is no garbage pickup for each lot and each leaseholder must provide a covered can. The lease holder must transport their own garbage to the Club facilities. Garbage pickup is about 8 AM every Monday. This is subject to change, so check with the Club Host for accurate dates and times.
- **ELECTRICITY:** Effective 2007, all lots are on PGE power. It is up to you as a leaseholder to arrange for your electricity service with PGE.
- **OTHER FEES:** To protect your place during the winter, you may be assessed a small fee used to winterize the water. You will be notified if the Club must complete this activity.

MSR has its own water source (well and springs) and sewer system. Please respect the fact that this system supports the clubhouse, grounds, your neighbors, and you. Don't water your lawn in excess. Water is precious at MSR! Be sure to maintain your cabin's water use such as toilets, showers, faucets, and watch for leaks. This will keep our resource available for everyone.

Fees and Costs:

Costs to Leaseholders:

- Lease Transfer Fee: The lease transfer fee is \$350.00.
- Taxes: Leaseholders shall pay MSR an annual tax in advance, for the lot only, at the rate of \$20.00 per full-size lot. Leaseholders of larger or smaller lots pay in proportion to the lot's size. The \$20.00 annual fee will be due each year by January 31st. Leaseholders shall also pay MSR such amounts as may be assessed to MSR by the County Tax Assessor against the leasehold and improvements thereto. The Washington County Tax assessments will be due each year by Jan. 31st.
- Service Charge: Leaseholders shall pay MSR \$145.00 per quarter (due quarterly on January 31, April 30, July 31, and October 31) for water, sewer, and other services.
- Leaseholders, who stay at MSR 15 or more days a month, shall pay an additional \$15.00 per month to offset the cost of general use; water, sewer and road maintenance, and other privileges they enjoy, including garbage service.
- Other Costs: All other operating costs including electrical power, propane, and telephone are in addition to the above and are the responsibility of the lease holder.
- All lot lease assessments and associated fees over 30 days Past Due will be assessed a late payment penalty of \$30.00 per month until all fees are paid.
- Any lot leasehold emergency that requires club host intervention and is not attended to within 48 hours to repair or make appropriate arrangements, the lot lease owner shall be charged \$100.
- There may be annual additional assessments voted by the membership. This information is made readily available to the lot lease holder.

Appearance of the Lot:

People notice your lot and that reflects on you and the Club. If you are not able to do lot maintenance or desire to have lot external maintenance done for you, it is your responsibility to hire the work done. It is not the responsibility of the Club to maintain the appearance of your yard or cabin exterior. Every spring, there is a survey of the lots by a committee for appearance and safety. It is your responsibility to respond to recommended improvements noted by the survey. The most recent survey results are posted in the clubhouse.

Your Neighbors:

Just as with your permanent residence, you have neighbors at MSR. With our small lot sizes, your neighbors are close to you. Follow the rule of "treat others as you want to be treated" with your neighbors, and you will get along fine. Things that are common issues are: noise, pets, and vehicle parking. It's as simple as this: Don't be noisy before 8:00 AM or after 10:00 PM, keep your pets on a leash and don't let them be noisy. Park on your lot only, unless you have made special arrangements.

Pets:

Your well-mannered, leashed pets are welcome at MSR. Just as in any other community and as in the Washington County ordinance, it is recommended that you have no more than 2 pets on the premise and respect all of the neighbors' feelings about your dog or cat. You are expected to bag any pet feces on the grounds. Pets are prohibited in the sunning area and in the clubhouse, even if being carried. Pets must be on a leash when not confined to owner's property. Anyone who brings any animal onto the grounds of MSR assumes total responsibility for the actions of the animal and shall clean up after it. Devices for cleaning up after the pet are available for checkout in the clubhouse.

Effective 2016, there are specific rules about pets on MSR Grounds. This is outlined on page 30 of the Bylaws and Procedure Manual under Section **2.12.01**.

- All Washington County rules and regulations apply.
- The limit is two domestic pets.

- A one-time non-refundable fee of \$15 per pet.
- Veterinarian vaccination records are required.
- This policy applies to all members and guests effective immediately.
- The club shall be held harmless.

Vehicles and Parking:

Be sure that parking your vehicle(s) adheres to the Club rules and is not intruding on your neighbors. Each leaseholder may have no more than two vehicles at their lot. Any additional vehicles, recreational vehicles, boats, trailers or other structures must be parked in an approved area. The Club Host can direct you to the correct area. Parked vehicles or trailers must not appear abandoned and more specifically, must have current tags on all vehicles.

To maintain your status as a “good neighbor” please obey the Procedure Manual Rules (2.13.01) on driving a vehicle on club grounds. Specifically, **the** speed limit is 10 MPH. Operators of all motorized vehicles must have a valid driver’s license. No motorized vehicles are permitted off MSR roads without permission of the Club Host. This includes trails, grassy areas, etc. All vehicles must be parked in approved parking areas and drivers must exercise considerate behavior with horns, mufflers, etc. Weather permitting golf carts may be parked by the pool on the grass.

Safety and Security:

MSR is a part of the beautiful Oregon forest. Fire protection is always on the minds of Club Members. It is highly advisable to keep a fire extinguisher and a working smoke detector on your premises. Keep watch of any safety hazard and report any hazardous situation to the Club Host.

The Club receives emergency medical services from North Plains. For any emergency, dial 911 and state that you are at Mountaindale Sun Resort, your cabin number, and any other pertinent information. Should you have emergency medical services coming, it is helpful to have the Club Host or a neighbor direct them to your location. **No open burn piles are allowed on any lot. Only approved covered fire pits are allowed and these may be prohibited at certain times of the year. Check with the club host to make sure you are allowed to burn outside. Burning of trash is not allowed at any time. Burning of slash and lawn debris in designated areas must be approved by the MSR board and the Washington County Forestry Dept.**

Winterizing Your Cabin:

Mountaindale Sun Resort is at the foothills of the Oregon Coastal Range. This provides our beautiful scenery but also brings all four seasons of weather. Just as you protect your primary residence against frozen pipes, down electricity lines, etc., you need to do the same at MSR.

- **WATER:** Turn off your water when you are not at your cabin. Please do not leave your sink taps dripping as a “winterizing” measure. This is particularly important during a power outage, as our pumps are electric, hence don’t work without power. This can quickly cause our water reservoir to dry. In addition, this over-taxes the sewage system with the excess water going down the drain. Lastly, dripping water consumes electricity and our water chlorination/filtration products. In summary:
 - Drain all water pipes and fixtures.
 - Wrap exposed pipes with insulation and cover with water proof material.
 - Optional: Fill fixtures with possible existing water with RV anti-freeze.
 - Do not leave water dripping! All water supplies must be turned OFF.
 - Mark your emergency water shut off valve with a tall red reflector. Must be seen from the roadside with snow on the ground.
- **ELECTRICITY:** It is safe to assume the MSR will lose power during the winter. If you do not have alternate power, such as propane, natural gas (not available yet) or oil, your cabin’s temperature will drop and perhaps match the outside temperature. This will impact many systems.
- **TREES:** There is a strong possibility you will have tree limbs fall on your lot during a major storm. If there is structural damage, notify your insurance carrier. Take pictures of all damage, and notify the Club Host of the damage. If you wish to remove a tree for any reason on your lot, you must gain Club Approval. The Bylaws are very clear on this.

Before even considering any type of tree removal, read page 16, ARTICLE XIII MSR REAL PROPERTY, D. Cutting Timber and Shrubs.

▪ **POWER OUTAGES, FREEZING TEMPERATURES, EMERGENCY ACCESS, AND OTHER ESSENTIAL INFO!**

NO POWER = NO SEWER! This is no joke! Do not flush toilets or use septic system in any way during power outages! Although your water may run because of our gravity fed system, you cannot send sewage to the septic tank. The septic system requires power to activate the pumps to move sewage to each station and eventually to the drain field. If you do use the septic system, the sewage will build up until it overflows. Without a working sewage system, we will be forced to evacuate the premises. In other words... NO POWER = NO SEWER!

EMERGENCY KIT - Keep an emergency kit on hand in an easy to access location. If you require assistance on compiling a kit or need more information, please contact the club host.

EMERGENCY ACCESS KEY AND WATER SHUT OFF VALVE -Leave an emergency access key to your cabin with a neighbor, friend, or club host. Please let the club host know who you have left your key with in case of an emergency. Mark your emergency water shut off valve with a tall red reflector. The reflector must be seen from the roadside with snow on the ground.

Your Guests:

Even if your guest is only visiting you and not using Club facilities, we request that your guests register at the clubhouse and be issued a no cost guest notice. If your guest will be staying overnight, there is an overnight fee of \$2.00 per night. This ensures that we know who is on the grounds in case of emergency or fire. Lastly, please remember your guests are subject to the rules and requests of any other member or guest on the grounds. As a member, you are responsible for the activities and behavior of your guests.

Marijuana and Your Lot:

Marijuana possession is legal in the State of Oregon. You may be in possession of marijuana in your lease hold as the law permits. You may not grow marijuana plants in or on your lease hold or anywhere on club grounds.

Renting Your Lot:

There are several options in renting your lot. You may wish to assist the Club by having your cabin or RV become a short term vacation rental or you may enter into a rental agreement with another member. It is all doable as long as your follow the bylaws and work with the Board of Directors with your plan.

Rent to Lease Options - You may rent your lot to another member upon receiving approval from the MSR Board of Directors. If you plan to "rent to sell" your lot to a current a probationary member, they will have been a probationary member in good standing for 3 months and must have attended at least 1 meeting prior to entering a signed rental/lease option agreement. There are other specific conditions that must be in place for renting to any one including a probationary member.

There are three areas that need to be understood by the leaseholder and the renter about a rent then purchase agreement with a probationary member at MSR.

Be a Regular Member at Mountindale Sun Resort – In order to have any conversation about renting a leasehold or renting to purchase a leasehold, the renter must become a MSR Regular Member. A Regular Member enjoys all privileges of membership including voting, holding elective office, and leasing a lot. Regular members pay regular MSR dues. They must also pay AANR and AANR Northwest dues, either through MSR or through another AANR-affiliated club.

Obtain Approval from the Board of Directors

(See Page 19, of the Bylaws, G. Limitations on Use of Leaseholds by Other than the Leaseholder)

- Leaseholders or their long term renters shall not permit anyone outside of their own lease unit to use any part of their leasehold for more than 21 days per calendar year without board approval.
- No member may sublet to a non-affiliated member, probationary member, or an associate member without Board and membership approval.
- Any MSR Leaseholder may allow another MSR Leaseholder the use of their property as long as both parties continue paying their Leasehold assessments.

Clearly Understand the Implications of Entering a Rent to Buy Agreement During Probationary Membership Year:

- Upon completion of at least 3 months membership, and attending three meetings, a probationary member may receive eligibility to enter into a rent to buy agreement.
- The probationary member and lease holder negotiates a price and determines who will pay the MSR Lot Lease fee. NOTE: The Lot Lease Holder is ultimately accountable for the payment of the Lot Lease fee.
- The Lot Lease Holder and the Probationary member determine who holds the PGE account for the lot.
- In the unlikely event probationary member does not pass probation, and is expelled from the club, the lot lease holder will need to make arrangements with the renter to gather their belongings. It is possible to make arrangements through the Club Host.
- Upon successful completion of the Probationary Year, a lot lease transfer is approved by the Board of Directors and the buyer becomes the new Lot Lease holder, with full ownership including all MSR rules, responsibilities, and fiscal relationship with MSR for payment.

Subletting Your Lot:

You may choose to have your cabin, RV, or leased lot on the pool of cabins that the club may sublet on the leaseholder's behalf. To do so, you must sign the Restful Haven Health Club Agreement to do so and adhere to the rules. This includes the rule that you must insure your cabin in order to have it be used as a "rental" or sublet facility. A copy of the insurance policy should be a part of the leasehold file. The agreement is on the website. In considering participating, you should determine how much you will charge, how you will maintain the cabin including housekeeping services, what "rules" you will have about your cabin on items such as pets, smoking, children, etc.

Other rules include:

1. Leaseholders or their long term renters shall not permit anyone outside of their own lease unit to use any part of their leasehold for more than 21 days per calendar year without board approval.
2. Any guest or visitor, including those only on the grounds to visit you, must supply the Club Host their first name, last name, and information shown on the registration envelope, computer system.
3. MSR Members who sublet their property to another MSR member or an affiliated nonmember must reimburse MSR for 25% of the fees collected.
4. No member may sublet to a non-affiliated member, probationary member, or an associate member without Board and membership approval. Note: Non-affiliated visitors may not stay overnight on club grounds for more than **3 consecutive nights or 21 days** annually without board approval.
5. Any MSR Leaseholder may allow another MSR Leaseholder the use of their property as long as both parties continue paying their Leasehold assessments.
6. All MSR Leaseholders who sublet their property or entertain an Affiliated Visitor or Guest are responsible to ensure that their guest has signed a visitor's roster or has registered with the club host.
